PAPER No. 7

Managing Trustee and Author of
"Semantography":
Charles K. Bliss, B.Sc.

MY CIRCULAR LETTER TO ALL TEACHERS, THERAPISTS, AND OTHERS IN AUSTRALIAN SCHOOLS FOR HANDICAPPED CHILDREN WHO HAVE ENROLLED IN MY CORRESPONDENCE COURSE ON BLISSYMBOLS.

I wish to thank you and wish also to congratulate you on having decided to devote some of your free time to acquiring the knowledge and skill of a new wonderful tool which is now spreading all over the world and which gives a new hope and a new life to handicapped children. You may have to spend a few dollars for paper and postage, but you will receive with the same mail my book of 882 pages, SEMANTOGRAPHY-BLISSYMBOLICS, free (the reduced library and hospital price is \$27.20) but the book remains the property of the Federal Schools Commission. It will however, become your property if you successfully conclude the correspondence course and receive a Diploma from me, which will help you in your advancement. You will also be able to do original research on my work and your experience with the handicapped children. You will be able to write scientific papers and give lectures, and you may even write books and become famous. The whole world is open to you. As to me, I am now over 80 and I will help you as much as I possibly can. Alas, my time and my strength is limited as I receive so many letters from all parts of the world.

After more than five years of pleading for the correction of the false symbols I was helped by the Federal Government of Canada to give a lecture at the University of Ottawa on the 9th June 1977. I proved in this lecture that false and illogical symbols are ruining the logical sense of the children and retarding their mental development. I am sending you a free copy of the transcript of my lecture. I will in my lessons deal with these falsifications of my symbol system. And I enclose my Introduction and first Lesson of my Correspondence Course.

I am,

Yours sincerely,

Charles

Here are samples of the 'picture alphabet' of "Semantography-Blissymbolics" which, in combination, form all meanings needed by mankind divided by thousands of languages

The earth  and the heaven above  form our World  The pen  (in inclined writing position) between heaven and earth  means "One Writing for One World." This is a human being  this is a human being in need (of support)  and this means "I need you and you need me"  and together the Blissymbol for human co-operation and mutual aid
